Dear Friend,

Thank you for your inquiry into the possibility of receiving services from Rebuilding Together Eastside (RTE). We are a non-profit organization supported entirely by contributions of time, labor, materials and money. We repair and rehabilitate homes free of charge for homeowners who are low income; are either elderly, disabled, or have children living in the home; and are unable to afford to do the work themselves. By spreading the spirit of volunteerism, we are able to offer these repairs at no cost to the property owners.

To be eligible for the program:

- You must be an individual or member of a family that owns and lives in its own (primary) home.
- The home must be in the region bordered by Bothell, Renton, Lake Washington (including Mercer Island) and the eastern boundary of King County.
- You must be unable to make necessary repairs on your home due to income, disability or a combination of the two.
- You must complete the enclosed application and return it to the Rebuilding Together Eastside office along with a copy of your most recent income tax return, Social Security statement or pension statement.

We accept applications all year long. After we review your application, members of our house-selection committee will contact you to arrange a visit. Please understand we are not able to assist everyone who applies to the program.

RTE provides improvement services to less-advantaged homeowners to enhance the safety and comfort of their homes. Our priority is to keep homeowners warm, safe and dry. Services may include safety and security upgrades, minor plumbing and electrical repairs, carpentry work, gutter cleaning and repair, yard work and some interior and/or exterior painting.

Trained volunteers will visit the selected homes and collect information; this often requires multiple visits. Next, Rebuilding Together Eastside members, along with volunteers from our sponsor organizations, carefully devise a work plan in consultation with the homeowners. Volunteers, with the support of skilled trade's people and members of the recipients' families, will complete the repairs at the selected homes.

If you have any questions, please call (425) 455-0179. We will be previewing homes throughout the year.

Sincerely,  
Rebuilding Together Eastside  
Board of Directors

I/we certify that the above information is true and correct to the best of my/our knowledge. I/we realize that failure to provide all information requested could result in our application being invalid. I/we authorize Rebuilding Together Eastside (RTE) to check any references, verify income and assets as necessary to complete the processing of this application for the purpose of receiving housing rehabilitation and repairs through RTE at no cost to me or my family. I/we also understand that any information RTE receives will be kept confidential and will be used strictly for determining my/our eligibility for this program. I further understand and agree to the following:

- This is primarily a one-day project for selected homeowners.
- A crew of 20-40 volunteers will do the work – both skilled and unskilled volunteers participate.
- Acceptance in the program is not guaranteed and is subject to available volunteers and sponsors.
- We cannot guarantee that all requested work will be done.
- All able bodied residents or local family should volunteer to help along with the RTE volunteers.
